

# Love

Steve Winwood

In my life there was emptiness  
Where I was going I couldn't guess  
Then one day into my life you came  
And from then on nothing seemed the same

You gave me strength when I thought I could be wrong  
Hey now I know, here is where I belong

With your real love to hold on to  
Real love to pull me through  
And I know with all my heart  
Here I'm gonna stay  
And here I'll always stay  
Inside your real love, real love

You make things right with no uncertainty  
I know this kind of love will always be realized  
And I'm now quite sure  
Real love is what we all are lookin' for

Now I'm ready to be just what you want me to  
With you right here, oh to guide me through

I need your real love to hold on to  
Real love to pull me through  
And I know with all my heart  
Here I'm gonna stay  
And here I'll always stay  
Inside your real love, real love

Just to have a soul mate  
To make things right when all senses fail  
True love is a hard found thing  
Now I feel it and I need it always

Real love to hold on to  
Real love to pull me through yeah  
And all I know with all of my heart  
Here I'm gonna stay  
I'll always stay  
Inside your real love, real love, real love  
Oh inside your real love
