Put on Your Dancing Shoes

Steve Winwood

So much going on out there, leaves us hanging in the air And it's all that we can do to face each day and see it though Life's a dance, put on your dancing shoes, take a chance

You can't shut your eyes to pain, faces crying in the rain You can't keep it all inside, you need some way to let it ride Life's a dance, put on your dancing shoes, take a chance

When you're all over, when you know you've done all that you can do

Put on your dancing shoes, it'll see you through

Voices shouting in the street, life lived to a ragged beat Someone's world is tumbling down, and who's the saint and where 's the clown?

Life's a dance, put on your dancing shoes, take a chance

When you're all over, when you know you've done all that you can do

Put on your dancing shoes, it'll see you through When time is flying, when you know there's no end to these mode rn blues

Put on your dancing shoes, it'll see you through
