

Real Love

Steve Winwood

In my life there was emptiness
Where I was going I couldn't guess
Then one day into my life you came
And from then on nothing seemed the same
You gave me strength when I thought I could be wrong
Hey now I know right here is where I belong - with your

Real love to hold on to
Real love to pull me through
And I know with all my heart
Here I'm gonna stay
Here I'll always stay inside your real love

You make things right with no uncertainty
I know this kind of love will always be realized
And I'm now quite sure that
Real love is what we all are looking for
Now I'm ready to be just what you want me to
With you right here to guide me through - I need you

Just to have a soul mate
To make things right when all senses fail
True love is a hard found thing
Now I feel it and I need it always
