Winner/Loser

Steve Winwood

Sometimes I think I'm losing Then again I think I win I don't want to think at all of hope

It could be better for me If I win or I give in It could be better for you If I lose everything It could be better for you If I lose or you give in It could be better for me It could be better for me If you lose everything

When you win sometimes you lose All that you had when you lose It could be better for me If I win or give in It could be better for you If you lose or give in

When win, when you lose I don't know who to choose Winner lose Loser win Winner lose Loser win
