

God Doesn't Like It

Steve Wynn

God doesn't like it when you hold out on me
God doesn't like it when you can't be free
God doesn't like it when you keep control
God doesn't like it

Listen and learn, defy and get burned
Chip away at the days and you won't return
Are you higher than the world? Are you greater than He?
Can you surrender and give yourself to destiny?

God doesn't like it when you hold out on me
God doesn't like it when you set me free
God doesn't like it when you keep control
God doesn't like it

He killed His only Son, He wiped the face of the earth
So what makes you think that you're of a greater worth?
Someone made mistakes in the evolution chain
But the one who pays attention is the one who will remain

God doesn't like it when you hold out on me
God doesn't like it when you set me free
God doesn't like it when you keep control
God doesn't like it

Cast your eyes on this mosquito and notice this
Just how slight what you deny me is
It feasts on your blood and then it takes mine
And together we form a new design

You don't deny this bug, you don't curse his intent
But you deny the chance to make the same statement
Aha, So I smash that mosquito and smear our blood
Rather than let it drain in the rain and the mud

Because God doesn't like it when you hold out on me
God doesn't like it when you set me free
God doesn't like it when you keep control
God doesn't like it, God doesn't like it, God doesn't like it
God doesn't like it, God doesn't like it, God doesn't like it
