

## Heart's Cry

Steven Curtis Chapman

This is my heart's cry  
I want to know the one who saved me and gave me life  
This is my heart's cry to be so close to Him that all my life be-  
comes  
A testimony of my Saviour's grace and love  
This is my heart's cry

This is my heart's cry  
Much more than just a great desire--it's like a fire in me  
I hear my heart cry each time I think about the cross where Jesus  
died  
The cross should have been mine but His love broke through time  
And heard my heart's cry--He heard my heart's cry

Now every other hope and dream is lost inside of this one thing  
To know the one who died for me and live my life for Jesus Christ  
Oh this is my heart's cry

So let my life become a testimony of my Saviour's grace and love  
Oh, this is my heart's cry--to stand before the Father one day  
And hear Him say well done--this is my heart's cry
