

# Waiting For Lightning

Steven Curtis Chapman

Standing on the edge of the truth  
Looking out at the view  
Of all you used to believe  
From where you are  
You can see you're far away from home

Echoes of the life you once knew  
Call out to you from across the divide  
And you know it's time  
To step back over the line  
But you're...

Waiting for lightening  
A sign that it's time for a change  
You're listening for thunder  
While He quietly whispers your name

Night falls and the curtain goes down  
No one's around, it's just you and the truth  
As you lie and wait  
For a feeling to take you by storm

Somewhere in the depths of your heart  
Where it's empty and dark  
There's a flicker of light  
And the Spirit calls  
But do you know notice at all?  
Or are you...

But the sign and the word  
Have already been given  
And now it's by faith  
That we must look, and we must listen  
Instead of...

He whispers your name  
Don't wait, don't wait
