

## Harmony Korine

Steven Wilson

Rain, come down, and fall forever  
Drain, the dirt, into the wasteland  
Pray, for sound, to quiet the howling

Feel, no shame, too brave  
Feel, afraid, to wait forever

Kneel, to fade, the day's corrosion  
Crawl, depart, towards perdition  
Gray, the part, the bruise within you

Feel, no shame, too brave  
Feel, afraid, to wait forever

Forever

Feel, no shame, too brave  
Feel, afraid, to wait forever
