

I Wanna Love You Girl

Stevie B

The First Time I Saw You
I Knew That Love Would Touch My Heart
You Looked Right Into My Eyes
And To My Surprise We Fell In Love
It's Been So Long You See Since I've Had Someone For
Me
I Need You Now
You're What I've Been Longing For
Someone To Unlock The Door And Share My Life With Me

And I've Got To Let You Know That I Need You So
I Hope You Need Me Too
If You Would Just Stay With Me
And Set Mr. Lonely Free
I'll Give My All To You

[Chorus]

And I Wanna Love You Girl
If You Let Me, I'll Give You The World
And I Wanna Show You Girl
A Part Of Me That No One Has Ever Seen
And I Wanna Love You Girl
With All My Heart
And Nothing Can Tear Us Apart

Should I Keep Holding On ?
If This Love Is Wrong, Please Tell Me Now
For Those Who Would Say To Me
That This Love Will Never Be
Won't They Leave Us Alone?
You Looked Right Into My Soul
And Somehow You Took Control, The Very Heart Of Me
If This Is A Fantasy and Love Is Reality
Please Make My Choice For Me

And I've Gotta Let You Know That I Love You So
I Hope You Need Me Too
If You Would Just Stay With Me
And Someday You'll Marry Me
I'll Give My All To You
