

# Miracles In The Summertime

Stevie B

Way Back Home  
All Alone  
Just Thinking About You  
Wondering Where You Are  
And What You Did Today  
Did You Ever Think About  
The Love Inside Of Me  
Cause Our Loves A Miracle  
Just Like A Summer Breeze  
Late Last Night  
When I Was Dreaming About You  
I Felt You By My Side  
Don't Wanna Live Here Without You  
And Oh, How I Need You Now  
I Can Believe In Miracles In The Summertime  
My Tear Drops Fall In The Pouring Rain  
And I Don't Wanna Live Without Your Love  
I Can Believe In Miracles In The Summertime  
And Livin Here Without You My Sun Don't Shine  
And I Don't Wanna Live Without You  
I Can Believe In  
Oh Can U Believe  
I I I Can I I  
All Alone  
Live At Home  
I Know Its Kinda Hard To Settle Down  
Just Hold On  
Won't Be Long  
I'll Be Back To Lay Your Burdens Down  
Come Back And Save Me Now  
If You Can Find A Way  
If Love Is Forever Girl  
Then Let Forever Start Today  
Late Last Night  
I Was Dreaming About You  
The Sparkle In Your Eyes  
I Can't Stop Thinking About You  
To Make You Realize  
I Can Believe In Miracles In The Summertime  
My Tear Drops Fall Like The Pouring Rain  
Cause Everyday Im Living Without Your Love  
I Can Believe In Miracles In The Summertime  
And Livin Here Without You My Sun Don't Shine  
And I Don't Wanna Live Without You  
Everyday I Sit Alone  
Waiting For Your Return  
I Still Love You  
And I Still  
Believe In Miracles  
I Can Believe In Miracles In The Summertime  
I'm Standing Out Stuck In the Pouring Rain  
Cause Every Day Without You My Sun Won't Shine  
I Can Believe In Miracles In The Summertime  
(Litto Quevay Que Ai Nasta KayWise)?  
Come Back And Save The Love That You Left Behind  
I Can Believe In Miracles In The Summertime  
Im Living Here Without You My Sun Won't Shine

Come Back And Say You Love Me And Ill Be Fine  
I Can Believe In Miracles In The Summertime  
I Can Believe In Miracles In The Summertime  
I Can Believe In Miracles In The Summertime  
I Can Believe In Miracles In The Summertime
