

Turn You On

Stevie Hoang

Everytime I step into the club
All the ladies, they be wanting to know
But I ain't checking for them, girls
Had enough of them spending up my dough

See all I'm looking for tonight
Is a pretty little thing that's ready for me
Who knows just how to keep it real
The girl to give me just what I need

And I know that you're the type I been waiting for
If you're down I'll show you things you ain't seen before
Come with me and don't be shy it will be alright
You can chill with me tonight

[Chorus:]

Girl just let me be the man of your dreams
Girl just let me be the one up in them jeans
Girl just let me be the one to turn you on
And on, and on, and on...
I can turn you on (on) (6x)
I can turn you on (on) (6x)

There's so many girls all up in here
But you're the only one that caught my eye
The way you drop that body low
Turn it round, bring it up
Baby girl you're so fly (Girl you're so fly)

You got it all
Make a married man wanna take off his ring (Take off his ring)
But see I got a couple things
I could teach you, if you know what I mean

And I know that you're the type I been waiting for
If you're down I'll show you things you ain't seen before
Take my hand and let's go up to the VIP
I know you'll like what you're gonna see

[Chorus]

Shawty let me see you drop your body down low
Baby turn around, now bring it up slow
Baby just do it, just do it, just do it... (2x)
