

# For What It's Worth

Stevie Nicks

I got to sing, I got to dance  
I got to be a part of a great romance  
Still forbidden, still outrageous  
Only a few around us knew  
But no one said a word it was contagious

Looked out the window and watched the cars fly by  
I look at you and I start to cry  
What you did was, you saved my life  
I won't forget it

R: You said even if I left my girlfriend  
Packed up my stuff  
Loaded up my car  
Drove down to your house  
With good intentions came through your door  
For what's it worth

I got to love, I rode the rails  
You came with me because you cared  
I was broke and I was scared  
You held my hand and took away my fear  
We knew we couldn't last  
And that was hard.

We looked out the window we watched the cars fly by  
I look at you and I start to cry  
What you did was, you saved my life  
I won't forget it

R:

Oh, you said even if I left my girlfriend  
Packed up my stuff  
And loaded up my car  
Drove down to your house  
With good intentions came through your door  
For what's it worth  
For what it's worth, for what it's worth
