

# I Don't Care

Stevie Nicks

How do expect to be here for you baby  
I really don't care  
You've never down much for me  
And this is my cross to bear you say  
"I don't care"  
I just care of hard work I've owed you anywhere  
How would my life be without you in it  
(Each others broken, lost outside of it)  
I don't care!  
Getting in the way of my life is enough for me  
And one more time I see you can cause anxiety (You say)  
"I don't care"  
Well I do care baby!  
Why do you question me?  
So how should I care when you go to leave me?  
I don't care at all  
(Each others broken, lost outside of it)  
I don't care!  
Of how hard work I've owed you anywhere  
Lost outside of this baby  
In trouble again  
For the wrong things  
I didn't know him  
He didn't know me  
There she goes again  
Ooh, she says  
"Do you think that this could be one?"  
I don't care (I don't care)  
I don't care (I don't care)  
She sees no evil, she is in love!  
He speaks no evil, he speaks love  
I've done so much baby why do I care?  
You go out and leave me alone  
You come home angry scream and shout  
You say you don't love me...  
So how should I care when you go to leave me?  
I don't care at all  
(Each others broken, lost outside of it)  
I don't care!  
Of how hard work I've owed you anywhere  
Lost outside of this baby  
I don't care!  
I don't care!  
I don't care!  
I don't care!
