If Anyone Falls

Stevie Nicks

I hear a voice in the room next to mine Feels good sounds good Closes the door from behind And another voice comes through the door

I am dealing with a man When away from me stays deep inside my heart And he says if anyone falls in love It will be one of us

If anyone falls in love Somewhere in the twilight dream time Somewhere in the back of your mind If anyone falls

And I heard someone say As my eyes turned away He said I have loved many women I have many times run away

Ooh I have never known the words Well I have tried to be true Well I have never known what to say How to say seen anything today Never seen anything like you

If anyone falls in love Somewhere in the twilight dream time Somewhere in the back of your mind If anyone falls

So I'm never gonna see you Never gonna see you deep inside my heart Oh I see your shadow against Shadow against shadow against the wall Baby I see your shadow against the wall
