

If You Were My Love

Stevie Nicks

Tonight there are no saviors
This night outside my window
Wasn't anyone's fault
My hands reach for numbers
Someone that could tell me
You were my love
I tried to explain it
Someone that was crying
It wasn't anyone's fault
My hands reach for numbers
Someone that could tell me
You were my love
With our... crosses to bear
And our dreams that still burn
With our crosses to bear
If you were my love...
However momentarily
Ooh...
If I were the one
Watched over your sleeping
You would never
Have been frightened
At all
And he said
If you were my love
However momentarily
Ooh...
If I were the one
Watched over your sleeping
You would never
Have been frightened
At all
And the flame will still burn
The flame will still burn
If you were my love
