Leather and Lace

Stevie Nicks

Is love so fragile And the heart so hollow Shatter with words Impossible to follow You're saying I'm fragile I try not to be I search only for something I can't see

I have my own life and I am stronger Than you know But I carry this feeling When you walked into my house That you won't be walking out the door Still I carry this feeling When you walked into my house That you won't be walking out the door

Lovers forever face to face My city your mountains Stay with me stay I need you to love me I need you today Give to me your leather Take from me my lace

You in the moonlight With your sleepy eyes Could you ever love a man like me And you were right When I walked into your house I knew I'd never want to leave Sometimes I'm a strong man Sometimes cold and scared And sometimes I cry But that time I saw you I knew with you to light my nights Somehow I'd get by First time I saw you I knew with you to light my nights Somehow I would get by

Lovers forever face to face My city your mountains Stay with me stay I need you to love me I need you today Give to me your leather Take from me my lace

Lovers forever face to face My city your mountains Stay with me stay I need you to love me I need you to stay Give to me your leather Take from me my lace Take from me my lace Take from me my lace
