

# Long Way to Go

Stevie Nicks

Can I be of any help to you, baby  
She says help me, help her, help him too  
Well I made up my mind I won't be calling  
I think about you and  
I think about the heartbroken ones

It's a real long way to go to say goodbye  
I thought we already did that  
Have fun tell the world  
Well it's a real long way to go to say goodbye  
I thought we already did that  
Have fun tell the world

High in my life obsessive was my love  
Worth it was my time Oh no, you are fading out  
Well I can do it  
Well I can make it one more time

It's a real long way to go to say goodbye  
I thought we already did that  
Have fun tell the world  
Well it's a real long way to go to say goodbye  
I thought we already did that  
Have fun tell the world

Can I be of any help to you?  
She says help him, help her, help him too, baby  
Well I can do it  
Well I can make it one more time

Well it's a real long way to go to say goodbye  
I thought we already did that  
Have fun tell the world  
Well it's a real long way to go to say goodbye  
I thought we already said that  
So have fun tell the world

You were high in my life obsessive was my love  
So have fun tell the world  
Oh no, you are fading out  
Well can you be of any help to me  
Can I be of any help to you  
I don't think so  
Help him help her  
Well I can do it  
Well I can make it  
Well can you be of any help to me  
Have fun tell the world  
Oooooohhh You were high in my Life
