Love Is

Stevie Nicks

Do you know what this is No, I don't But whatever it is It's very powerful Have you felt this way before Oh, I thought I knew Do you know that I love you now Oh yes, I do Love is... You've got the softest lips You know that I cannot stay Yes, I know It has nothing to do With you or with love Oh, yes it does Do not call or come around here Do not tell You know that I loved you then Oh well... Love is... You've got the softest lips Love is... The touch of your fingertips Love is... Knowing you won't let go She awakens things That he said he thought were dead He says, are you happy now Oh yes, I am But when it's over How then will you feel Will you miss those arms that used to go Around you So she stood there in the hallway frozen In the dark And her heart broke down She cried She fell to the floor One tear slid across her lips To the corner of her mouth Love is... And dropped to the floor Love is... You've got the softest lips Love is... The touch of your fingertips Ooh, she says love is Knowing you wont let go Love is... Watching you go

You're so very powerful Love is...

Am I happy Yes I am Do I know you love me now Yes I do Do I know you cannot stay I know All about love All about love

You're so very powerful
