

# Think About It

Stevie Nicks

Step into the velvet of the morning  
Let yourself lay back within your dreams  
Take on the situation but not the torment  
Now you know its not as bad as it seems

Well I know you'd like to come away  
But baby you can't come  
Your fortune is your life's love  
Oh and anytime you think about leaving  
Think about what you know  
Well think about it  
Think about it before you go

Even when you feel like your life is fading  
I know that you'll go on forever You're that good  
Heartbreak of the moment is not endless  
Now your fortune is your life's love  
Well honey  
I know you'd like to come away  
But baby you can't come  
Your fortune is your life's love  
Whoa and anytime you think about leaving  
Think about what you know  
Well think about it  
Think about it before you go

And the heart says danger  
And the heart says whatever  
It is... that you want from me  
I am just one small part  
Of forever  
Falling star star  
Catcher

Even when you feel like your life is fading  
I know that you'll go on forever You're that good  
Heartbreak of the moment is not endless  
Your fortune is your life's love  
Well honey I know you'd like to come away  
But baby you can't come  
Your fortune is your life's love  
Anytime you think about leaving  
Think about what you know  
Well think about it  
Think about it before you go  
Well think about it  
Think about it before you go  
And the heart says danger  
The heart says whatever  
Think about it  
Think about it before you go
