Step into the velvet of the morning Let yourself lay back within your dreams Take on the situation but not the torment Now you know its not as bad as it seems

Well I know you'd like to come away
But baby you can't come
Your fortune is your life's love
Oh and anytime you think about leaving
Think about what you know
Well think about it
Think about it before you go

Even when you feel like your life is fading
I know that you'll go on forever You're that good
Heartbreak of the moment is not endless
Now your fortune is your life's love
Well honey
I know you'd like to come away
But baby you can't come
Your fortune is your life's love
Whoa and anytime you think about leaving
Think about what you know
Well think about it
Think about it before you go

And the heart says danger
And the heart says whatever
It is... that you want from me
I am just one small part
Of forever
Falling star star
Catcher

Even when you feel like your life is fading I know that you'll go on forever You're that good Heartbreak of the moment is not endless Your fortune is your life's love Well honey I know you'd like to come away But baby you can't come Your fortune is your life's love Anytime you think about leaving Think about what you know Well think about it Think about it before you go Well think about it Think about it before you go And the heart says danger The heart says whatever Think about it Think about it before you go
