

Long Way from Home

Stevie Ray Vaughan

Look over here
Look over there
Look all around me everywhere
Well it really doesn't matter
Which way I wanna go
'Cause the night is fallin'
And I'm a long long way from home
I am a long long way from home, yes I am

Listen to this
Listen to that
People tryin' to tell me
Where it's at
But it really doesn't matter
I hear it all the time
And I'm standing at the crossroads
'Bout to move on down the line
About to move on down the line

Well I've been over here
Been over there
Friends all around me everywhere
But it really doesn't matter
Which way I wanna go
I'm a milling miles from nowhere
And that's a long long way from home
And that's a long long way from home

Yeah a million miles from nowhere
And that's a long long way from home
And that's a long long way from home
