

## May I Have a Talk with You

Stevie Ray Vaughan

Well now now darlin may a have a little talk with you  
Well now now now now darlin may a have a little talk with you  
Because it won't be long before our true love will be through

Well now now now darlin am I right or am I wrong  
Yeah now now now darlin am I right or am I wrong  
Because it won't be long before our true love will be through

You know I like my coffee sweet in the morning  
and I'm crazy about my tea at night  
Yeah I like my coffee sweet in the morning  
and I'm crazy about my tea at night  
You know you'd come out a little better now baby  
All I want you to do is treat me right
