Did I Hear You Say You Love Me

Stevie Wonder

Aaah... Did I hear you say you love me Well baby I've got to know 'Cause if you really really love me You've got to do things to show Don't give me the wrong impression By showing me warm expressions Put me in the right direction With tender love and affection I've been standing on the outside Trying to get on the inside

Did I hear you say you need me Well baby tell me the truth 'Cause if you really really need me My sweetness here's what I'll do Cut out all my crazy playing 'Cause for your love I have been laying Just tell me that is what you're saying And I'll be yours without delaying I've been standing on the outside Trying to get on the inside

Well if you love me honey let me hear you say I love you If you love me honey let me hear you say I love you Sounds so good Well if you love me honey let me hear you say I love you

Did I hear you say you want me Now please don't give me no mess 'Cause if you really really want me You've got to give me your best Put my love life right in the pocket And dare someone to try to top it And when you think I want to drop it Just love me 'til I beg don't stop it 'Cause I've been standing on the outside Trying to get on the inside

Well if you love me honey let me hear you say I love you Well if you love me honey let me hear you say I love you Oh, Oh, Oh, Oh If you love me honey let me hear you say I love you Baby, if you love me let me hear you say I love you If you love me let me hear you say I love you And if you need me let me hear you say I love you If you want me let me hear you say I love you If you need me let me hear you say I love you If you want me let me hear you say I love you If you need me let me hear you say I love you If you want me let me hear you say I love you If you need me let me hear you say I love you
