

# Do I Love Her

Stevie Wonder

Do I love her? Do I love her?  
With a heart that's true  
Do I love her? Do I love her?  
Don't you know I do

Mrs. Jones won't you put  
My darling on the phone  
Let me tell her, I shouldn't have left her  
'Cause I love her just as long as

Bees love honey, banks love money  
Birdies love to fly  
Little Jack Horner in the corner  
Loves his Christmas pie

Mrs. Jones, Mrs. Jones  
Let me speak to your daughter  
If she gives me one more chance  
I'm gonna love her like I oughta

I can't forget, oh, that lacy dress  
That she used to wear for me  
We'd sit under the apple tree

And I remember, I remember  
That night in September  
When my baby cried and cried  
'Cause they told her about her dad

Do I love her? Do I love her?  
With a heart that's true  
Do I love her? Do I love her?  
I swear I do

I'm ashamed, I'm ashamed  
For stringing her along  
Like a playboy with a play toy  
And she loved me just as strong as

Bees love honey, banks love money  
Birdies love to fly  
Little Miss Muffet loves her tuffet  
Babies love to cry

Mrs. Jones, Mrs. Jones  
Please don't hang up that receiver  
If she heard one sweet word  
She'd know I would never leave her

Baby, baby, baby, baby, baby, baby, baby  
She's the best, oh the very best  
Everything worth living for  
Everything that I adore

Do I love her? Do I love her?  
With a heart that's true  
Do I love her? Do I love her?

I swear I do

As much as bees love honey, banks love money

Birdies love to fly

Do I love? You know dog gone well I love her, baby

I love my, baby, I love her, I love her
