Hey Love

Stevie Wonder

Hey love May I have a word with you? I'd like to tell you, yeah Just what I've been going through My nights are so long As I watch each hour go by Hoping and praying That someday I will be your guy

Hey love You're my one true soul desire Hey love, baby Can you feel this burning fire

Hey love There's one thing I find so true When you are near me I go through a change or two Hearing your footsteps I hurry to catch your eye And I stand there waiting, yeah But girl, you just walk on by

Say love With a cold heart you are dealing Hey love, yeah It's an awful hurting feeling

Hey love Don't pass me without some sign Just look me over, yeah You might want to change your mind
