

# Rocket Love

Stevie Wonder

Do Do Do, Do Do Do, Do Do Do, Do Do Do  
Do Do Do, Do Do Do, Do Do Do-oo

I longed for you since I was born  
A woman sensitive and warm  
And that you were

With pride and strength no one would test  
But yet have feminine finesse  
And so much more

You took me riding in your rocket, gave me a star  
But at a half a mile from heaven you dropped me back  
down to this cold, cold world  
Took me riding in your rocket, gave me a star  
But at a half a mile from heaven you dropped me back  
down to this cold, cold world

A female Shakespeare of your time  
With looks to blow Picasso's mind  
You were the best

Your body moved with grace and song  
Like symphonies by Bach or Brahms  
Nevertheless, oh oh

You took me riding in your rocket, gave me a star  
But at a half a mile from heaven you dropped me back  
down to this cold, cold world  
Ooh you took me riding in your rocket, gave me a star  
But at a half a mile from heaven you dropped me back  
down to this cold, cold world

Da Da Da, Da Da Da, Da Da Da, Da Da Da  
Da Da Da, Da Da Da-aa

The passion burning in your heart  
Would make hell's fire seem like a spark  
Where did it go

Just why that you would overnight  
Turn love to stone as cold as ice  
I'll never know

But you took me riding in your rocket, gave me a star  
But at a half a mile from heaven you dropped me back  
down to this cold, cold world  
Baby you took me riding in your rocket, gave me a star  
But at a half a mile from heaven you dropped me back  
down to this cold, cold world

Cold, too cold, you took me riding in your rocket, gave me a star  
But at a half a mile from heaven you dropped me back  
down to this cold, cold world  
Oh, Oh, Oh, took me riding in your rocket, gave me a star  
But at a half a mile from heaven you dropped me back  
down to into this cold, cold world

I would not do that to a dog  
Took me riding in your rocket, gave me a star  
But at a half a mile from heaven you dropped me back  
down to this cold, cold world

You took me riding in your rocket, gave me a star  
But at a half a mile from heaven you dropped me back  
down to this cold, cold world

Ooh baby
