

# Treat Myself

Stevie Wonder

There's a place I can go  
When the tension's high and I'm feeling low  
In a flash I can be in another space  
As a different me, have a new id.

I think I'll treat myself to all the pretty places in my head  
Yes, I'm going to treat myself to all the pretty places in my head

There's no rich, there's no poor  
Everything is love, no such word as "war"  
There's no black and no white  
Rainbow colors they, dress the days and nights, life's a paradise

I think I'll treat myself to all the pretty places in my head  
Yes, I'm going to treat myself to all the pretty places in my head

It's amazing how the mind  
Can do what you want it to  
It can take you to a time  
Where you'll want to stay forever  
Feeling everlasting pleasure  
If your life's in a place  
That you can hardly bare  
Come along with me to mental ecstasy

I think I'll treat myself to all the pretty places in my head  
Yes, I'm going to treat myself to all the pretty places in my head

(repeat)

(Backgrounds) Whatsoever things are lovely  
Whatsoever things are pure  
Whatsoever things are honest  
Whatsoever things are true (repeat)
