

# Twinkle Twinkle Little Me

Stevie Wonder

Twinkle twinkle  
Little me  
I have a lonely life  
I'm the star  
Upon your tree  
That makes your christmas bright  
Twinkle twinkle little me  
I left the milky way  
Just so I could be with you on christmas day

Christmas brought me where you are  
And heaven gave me life  
I'm that friendly little star  
You wish upon each night

Twinkle twinkle  
Oh, twinkle twinkle little me  
I have a present too  
If you give unselfishly  
And make a wish come true  
I'll always shine on you

Twinkle little me  
Twinkle twinkle little me  
Ooh, christmas brought me where you are  
And heaven gave me life  
I'm that friendly star  
You wish upon each night

Twinkle twinkle little me  
I have a present too  
If you give unselfishly  
And make a wish come true  
I'll always shine for you

Twinkle little me  
I'll always shine for you  
Twinkle little me

I'll always shine for you
