

# Longtime

Stick Figure

long long time, it's been a very long time  
it's been a very long  
long long time, been a very long time

you think you know, you really don't know a thing about me,  
oh no you don't know  
you listen to the song, it don't say a thing about me  
oh no it don't no

although I know there is something wrong oh well  
I got this feeling about her, about her  
no matter what you do or say, I make a promise I wouldn't doubt  
her  
words matter

long long time, it's been a very long time  
long long time, it's been a very long time

i have seen em come, i watched em go, they walk all around me,  
they all around me, I hear the song,  
its the same old sound, it all around me,  
it all around me yeah

that was a very long time ago  
i wish that we could go  
and there ain't no good reason i'm feeling to change my mind  
but life is decieving, its hard to believe you sometimes

although I know there is something wrong oh well  
I got this feeling about her, about her  
no matter what you do or say, I make a promise I wouldn't doubt  
her  
words matter

long long time, it's been a very long time  
it's been a very long long long time, been a very long time  
it's been a very long long long time, been a very long time  
it's been a very long long long time, been a very long time
