## **Burning Fight (Inside Out Cover)**

**Stick to Your Guns** 

## Break!

I reach out my hand and you turn the other way
I'm only trying to extend myself to communicate
I try and I try and I try still no response from you
So now I refuse to waste my, to waste my time, to waste my fuck
in time on you

I refuse to let myself down

By falsely putting judgment on you

To make myself look higher, higher

Only to be knocked down by the truth

I will never choose a different path I will never turn away from you

Your attitude is an example of this Which has become for me a burning fight No to change your opinion of me But to try to help to see what's right What's right (what's right)

And I will never choose a different path Yeah I will never turn away from you I will never choose a different path And I will never fuckin be like you

It's my burning fight, my burning fight
This is my burning fight, my burning fight
