## Fly the Flag

## **Stiff Little Fingers**

Gimme a country that's red white and blue Gimme the British way honest and true Gimme the chance to be one of the few Gimme gimme gimme gimme

Gimme a nation where people are free Free to do and free to be Free to screw you before you screw me Gimme gimme gimme gimme

## R:

Cos, I'm all right, I'm all right Union Jack, fly the flag

Gimme a Britain that's got back the Great a race of winners not cramped by the State And only the helpless get left at the gate Gimme gimme gimme gimme
