

# I Want You

## Stiff Little Fingers

I don't know how to say  
I think that we should call it a day  
It's easy to be your slave  
That's not the way that I want to behave

Believed you when you lied  
Could stop you if I tried  
Now I reach out for you just to stay alive  
I want you  
I want

Won't miss you if you go  
I'd kiss you adios amigo  
Because now I understand  
You make me an embarrassing man

Who people see as weak  
Yet you play upon my greed  
I wish you didn't satisfy my needs  
I want you

I've lost count of the times  
I've forgotten my lines  
And everyone laughed at the fool  
So I put you on hold  
Although it turns me cold  
I'm sick of you calling the tune  
I want

I can't say this is the end  
Cause if we're no longer together  
I'm telling you never again  
I know that forever  
I'll want you  
I want you
