

ON & POPPIN

Stillwell

Get up, It's on & poppin!
Get up, It's on & poppin!

I've got my two feet in,
I'm ready to begin
Can't no one tell me nothing,
set up and sell me something

Now I got to let them know now,
Now I really got to let them know
Watch out cause here we go now,
watch out cause here, here we go

I'm almost half way there,
I'm almost half way gone
Who knew it go this fast,
who knew it takes this long
I got to get them too,
I got to get them

Get up, It's on & poppin!
Get up, It's on & poppin!

Can't wait to get what's mine,
so good to skip this line
Man with a tattooed face,
said son you just have your faith

Get up, It's on & poppin!
Get up, It's on & poppin!

Somebody scream! Somebody dream!
Somebody let me be, let me be somebody!
Somebody scream! Somebody dream!
Somebody let me be, let me be somebody!

Get up, It's on & poppin!
Get up. It's on & poppin!
Get up.
