## **Clothe Yourself For The Wind**

## **Stina Nordenstam**

Clothe yourself well for the wind

After you'd left it was windy everyday
It was not a thing you could avoid
Outside people were shouting
Sideways to one another
Longing from a great distance
Must have reached you

Clothe yourself well for the wind Clothe yourself well for the wind

We took ourselves out of our hands We couldn't have explained Danger better

Clothe yourself well for the wind

We're running out of everything
