## From Cayman Islands with Love

## **Stina Nordenstam**

Half a day behind And miles away I'm on a beach The only one around I know who can't Enjoy the heat I bought the postcard Now I have to write the words I left the country There's a chance you may have heard Grand Cayman is great Of course it is Weather like this Living is great Of course it is What else did you think What else did you think I said I want a man And not a boy You left the room The Caribbean sun So leaves me cold You never do I want to see you Even want to see you bleed I can't believe I paid for this There's nothing here I need! Grand Cayman is great Of course it is Weather like this Living is great Of course it is What else did you think What else did you think
