

Burns Like A Star

Stone Fury

Don't go away
I want to just to try to show you
This feeling's like a trance
You move and I taste you

The way you show your secrets
Makes me wild, lust is last
I'm in trouble
I'm, afraid we'll just burn

Easy to feel
I'll take the chance
You'll just blow me away
Easy to trust, it doesn't matter
There is no escape
Why do you wait
I tell you it's my soul you took
It grows hot
Let us going round an round

You know, I know
We're living much too dangerously

Give me a touch
Just give me a taste
There's nothing like this
In the whole human race
I need you now
We've gone much too far
This time we have
It burns like a star
