

Let The Time Take Care

Stone Fury

You gotta let the time take care
You know, do so
There's just no logic in this state
Of love, of love

You gotta let the time take care

I know you've got the feeling
And no one cares at all
I say that's not true
Don't go and hide

You gotta let...

When your heart is bleeding
Listen to the song
Cry it out of you
And no one will know

Look up in the mirror
What is that you see
A human full of life
You'll be just fine

You gotta let...
