

## Lazy Bones

Stone Gods

If it's just waiting for the quiet times that you like  
If you need me to say I'm wrong to let you know that  
you're right  
Take whatever you need from me tonight  
Even if it's just waiting for the quiet times that you  
like

Come on let's make this better  
Dark days and heavy weather  
My lazy bones are broken up  
Hidden away and covered up

If it's just holding on for something good to turn up  
alright  
If it's just picturing the better times with hindsight  
Take whatever you need from me tonight  
Even if it's just waiting for the quiet times that you  
like

Come on let's make this better  
Dark days and heavy weather  
My lazy bones are broken up  
Hidden away and covered up

My lazy bones

Come on lets make this better  
Dark days and heavy weather  
My lazy bones are broken up  
Hidden away and covered up

Come on let's make this better  
Dark days and heavy weather  
My lazy bones are broken up  
Hidden away and covered up
