

# Wasting Time

Stone Gods

We found a way to the city,  
We were lost when we first arrived,  
Finding a home wasn't easy ,  
Harder than I realised,

I joined ques for the hand-outs,  
And heavy lifted for some cash in my hand,  
It's hard work but atleast I've got a bed,  
Some money for the weekend,

Come on everybody back to mine,  
Only one thing on my mind,  
Is having a good time,

I'm not living for the weekend,  
We do this every night,  
I'm not living for the weekend,  
Were all just wasting time,

My friends have all joined the rat-race,  
it's all silk shirts and novelty ties,  
I'm not a fan of retirement plans,  
I refuse to change my way of life,

Come on everybody back to mine,  
Only one thing on my mind,  
Is having a good time (good time!),

I'm not living for the weekend,  
we do this every night,  
I'm not living for the weekend,  
Were all just wasting time,

I'm not living for the weekend,  
I'm not living for the weekend,  
I'm not living for the weekend,  
I'm not living for the weekend,

(Solo)

Come on everybody back to mine,  
Only one thing on my mind,  
Is having a good time (good time!),

I'm not living for the weekend,  
we do this every night,  
I'm not living for the weekend,  
Were all just wasting time
