

## Bore Me

Stone Gossard

Just passed too bizarre  
The organ grinder quips  
Locked inside a barricade  
How could you get in?  
The admiral checks his thieves  
To see what they'd done wrong  
Wrapped it up in silly paper  
Tacked it to the wall  
He bore me...  
All could see...  
He bore me...  
He tries to get his armies outside the trail  
He knows his better part is outside of bail  
He found me...  
All could see...  
He bore me...  
Ten pounds, ten pounds  
Ten pounds, ten pounds  
The admiral checks the crowd  
To see if they would mind  
He knew it wasn't instigated  
By his little frog  
The rabbit chased the pig  
Around their parking lot  
Pony tail between his knees  
Customary sot  
He bore me...  
All could see...  
He found me...  
All could see...  
He bore me...
