

Breaking into Heaven

The Stone Roses

I've been casing your joint for the best years of my life
Like the look of your stuff, outta sight
When I'm hungry and when I'm cold
When I'm having it rough
Or just getting old

Listen up sweet child of mine
Have I got news for you
Nobody leaves this place alive
They'll die and join the queue

Better man the barricades
I'm coming in tonight
Had a line of my dust, outta sight
When I wander and when I roam
I'll find a soul I can trust
I'm coming home

Listen up sweet child of mine
Have I got news for you
Nobody leaves this place alive
They'll die and join the queue, sing it

I'm, I'm gonna break right into Heaven
I can't wait anymore

Heavens gates won't hold me
I'll saw those suckers down
Laughing loud at your locks when they hit the ground
Every icon in every town
Hear this your numbers up
I'm coming round

Listen up sweet child of mine
Have I got news for you
Nobody leaves this place alive
They'll die and join the queue, sing it

I'm, I'm gonna break right into Heaven
I can't wait anymore

How many times will I have to tell you
You don't have to wait to die
You can have it all anytime you want it
Yeah, the kingdom's all inside
