

# Shoot You Down

The Stone Roses

You know it, you show it, and the time has come  
To shoot you down, what a sound  
When the day is done and it all works out

I'd love to do it and you know you've always had it coming

You know it, you show it, and the time has come  
To shoot you down, what a sound  
When the day is done and it all works out

I'd love to do it and you know you've always had it coming

I never wanted the love that you showed me  
It started to choke me and how I wish I'd said  
No too slow, I couldn't take that too fast  
I want you to know

You know it, you show it, but I can't back down  
It's far too late, I can't wait  
Now the time has come and it'll all work out  
And when this thing is done, it'll leave no doubt  
So when you had your fun, will you all walk out?

I'd love to do it and you know you've always had it coming  
I'd love to do it and you know you've always had it coming  
I'd love to do it and you know you've always had it coming
