I am an anti everything man a scab on the lips of the lord my caustic - dismissal is all I need to get you To fall on your sword

It's easy to live fast
It's harder to live
I woke up today with a gun
Ignoring your history
is killing your past
you might run forever
if death never lasts

So do me a favor
Your behavior
Is Just a reason why
There is no savior
When you're wasted
Let's face it
There's a side of you that
Knows you're a failure
Lives for the danger
Feels like an enemy but looks like a stranger

The Bell has run gon the titans everybody give us some room Your so called set of fake morals I can't tell the difference Is that an excuse?

The matter at hand is a matter of time A sad Little kid with broken toys Your dog matic lisense Has kept you inside

What will you do?
When you're burning alive?

So do me a favor
Your behavior
Is Just a reason why
There is no savior
When you're wasted
Let's face it
There's a side of you that
Knows you're a failure
Lives for the danger
Feels like an enemy but looks like a stranger

So do me a favor Your behavior Is Just a reason why There is no savior When you're wasted Let's face it There's a side of you that
Knows you're a failure
Lives for the danger
Feels like an enemy but looks like a stranger

I don't mind my old,
Dead story
And I don't want to lie to you
I know my glory
Will never be the same as truth
By now my only
enemy is you

I won't go slowly
I'll Leave you behind
leave you behind
I'll leave you behind
Leave you behind
