```
Goddamn you!
```

```
Haven't let you in 'cause I'm in you
Haven't let you in 'cause I'm in you
Must have been a bitch, must have been a pain
Take me off the innocent
Put me in your vein
```

It's improbable
Yeah, it's improbable

Haven't said a word 'cause you're still on Haven't said a word 'cause you're still on Mustn't take offense, mustn't take a bow Used to be a derelict Now I have to live with it

It's improbable
Yeah, it's improbable
Yeah, it's improbable
Yeah, you came back, but I know better boy

Trip my light fantastic
Rub me in your wound
Well I'm not broken, I'm not plastic
I'm no whore
Used against me, use me up again

It's improbable
Yeah, it's improbable
Yeah, it's improbable
Yeah, you came back, but I know better boy

Sometimes I think I'm crazy, other times I know I'm not

Got no time to time to time, once again Got no time to time to time, once again Got no time to time to time, once again

You don't want me, you don't need me
