Bagman

Stone Temple Pilots

Bagman honey Bagman sugar Bagman honey Bagman sugar I know it feels good But be careful with your vices Falling Crawling on your knees again Watch out for the bagman Bagman honey It'll drive us insane Bagman sugar Oh do what you want Fat man shouting You're holding on for nothing baby Bagman sleazy Does it hurt? We almost got it right Revelation Conversation made it laden With the bagman's bag Bagman honey It'll drive us insane Bagman sugar Oh do what you want Fat man shouting You're holding on for nothing baby Bagman sleazy Does it hurt? Then There was a dream When you said we would be free But now is the time To be real Bagman honey Bagman sugar Fat man shouting Bagman sleazy Bagman honey It'll drive us insane Bagman sugar Oh do what you want Fat man shouting You're holding on for nothing baby Bagman sleazy
