

Seven Caged Tigers

Stone Temple Pilots

1. Pass the time kickin' as time rips by
Neither goose nor the gander fly
Buy a minute spend an hour burnin', burnin'
Take a peek as the model earns it, earns it
Walk a mile as it keeps crawlin', crawlin'
Kill the politician and wash it with everpure

R: So the answer gets harder, harder
And the truth's getting farther and farther
And the bottle keep churnin', and churnin'
Seven caged tigers fly by, fly by...

2. Wastin' time chasing those cows that fly
Churnin' out all of that butterfly sugarboost
Track the blade as it pulls downward, onward
Take the pill it'll kill the martyrs, martyrs
Passin' time rippin as time kicks by.
Pass the umbilical cord down for a fly-by
Take a sneak where the model earns it, earns it
Hike a mile as it keeps crawlin', crawlin'
