

Sour Girl

Stone Temple Pilots

She turned away what was she looking at?
She was a Sour Girl the day that she met me
Hey! What are you looking at?
She was a happy girl the day that she left me

She turned away what was she looking at?
She was a Sour Girl the day that she met me
Hey! What are you looking at?
She was a happy girl when she left me

R: What would you do?
What would you do if I followed you?
What would you do I follow?

Don't turn away what are you looking at?
He was so happy on the day that he met her
Say, what are you looking at?
I was a Superman, but looks are deceiving

The roller coaster ride's a lonely one
I'd pay the ransom note to stop it from steaming
Hey! What are you looking at?
She was a teenage girl when she met me

What would you do?
What would you do if I followed you?
What would you do I follow?

R:

The girl got reasons, they all got reasons

R: (2x)

Hey! What are you looking at?
She was a happy girl the day that she left me
The day that she left me
The day that she left me
She was a happy girl the day that she left me
The day that she left me
The day that she left me
She was a sour girl the day that she left me
