

# Wings Of A Dove

Stonewall Jackson

On the wings of a snow white dove God sends his own pure love  
A sign from above on the wings of a dove

When troubles surround us and evils come the body grows weak th  
e spirit grows numb

When heartaches beset us he'll never forget us  
God sends down his love on the wings of a dove  
On the wings

When Noah had drifted on the flood many days he searched for la  
nd in various ways

Troubles he had some but he wasn't forgotten  
God sent him his love on the wings of a dove  
On the wings,  
On the wings
