

## You Haven't Heard

Stonewall Jackson

That last time I called you on the phone  
You said you thought that I had really gone  
You thought that I'd forgotten you  
Oh how can I forget  
You haven't heard about me dying have you yet

You haven't heard where I jumped in some river  
You haven't read my notice in the Evening Gazette  
I'll love you even if I live forever  
You haven't heard about me dying have you yet

I grieve for you each night while I'm alone  
I walk the streets I wonder what went wrong  
You think I still don't cry for you why is my pillow wet  
You haven't heard about me dying have you yet

You haven't heard where I jumped in some river  
You haven't read my notice in the Evening Gazette  
I'll love you even if I live forever  
You haven't heard about me dying have you yet
