

# I've Got A Lot To Learn About Love

Storm

You, you are the one, you're all I've been thinking about  
And I, I'd give it all away, if only you were here beside me  
For one moment, you're so close, I can feel you breathe  
For one moment, now you're all I know that I need  
Just when I thought you were there to depend on  
Don't you know that I've tried everything I know to do  
I would lie or die for you - I just want to know why, 'cause

I've got a lot to learn about love, oh yeah  
The only girl I care about is gone, she's gone, teach me about love  
And now, now that you're gone, I'm here with my emotions and now I'm alone  
You, you can't see the love I'm feeling for you  
I can't let this moment slip away  
Don't you know that every single time I feel this way  
Every time I turn away - someone's saying goodbye, 'cause

Show me baby, well I need your love, love, oh yeah

I've got a lot to learn about love, yes I do  
I've got a lot to learn about love, love  
Oh I've got a lot to learn about love, yes I do
